SYSTEMS FOR

# OFFICE

The corporate environment is evolving. Office design is now a crucial consideration for many employers as they seek to attract talent and differentiate their corporate culture.

As leaders in design, Marco work with Facilities Management companies, Specifiers and Designers on office fitouts around the world. Our systems are chosen for 4 main reasons:

- 1** Sleek and stylish aesthetic
- 2** Minimal countertop footprints
- 3** Energy-efficient and easy to use
- 4** Consistent, high quality beverage delivery

BUY THIS IF...	GOOD TO KNOW!	COMING SOON
You want a stylish, multi-purpose water system that gives employees fresh, healthy beverage options	CO <sub>2</sub> and Regulator required for HCS version	110v 

HOT WATER

Why Choose an Office Hot Water System?

Evolving workplace culture means that employees expect their office to provide healthy and varied beverages such as specialty tea and hot chocolate.

An office hot water boiler can save time, energy and water, while keeping employees hydrated and happy.

PRODUCT	FEATURES/SPECS	BUY THIS IF...	GOOD TO KNOW!
<b>Ecoboiler T5 - 110v</b> 1000660US 	<ul style="list-style-type: none"> <li>• Our most popular countertop boiler is reliable, excellent value for money and long-lasting</li> <li>• 1.3 GAL immediate water delivery</li> <li>• 3.6 GAL per hour intermittent use</li> <li>• Input Voltage: 110v</li> <li>• Output: 1.4kW</li> <li>• Dimensions: 20.2(D) x 8.2(W) x 18.3(H) inches </li> </ul>	<p>You need a good value, reliable water boiler for an office kitchen or canteen where hot water is primarily used for teas, instant meals etc.</p>	<p>45% more energy-efficient than competitors due to smaller water tank and heat-retaining steel </p> <p>Most customers offset initial cost with energy-savings after 3 years </p>
